Reasons for comment:	
Comments:	<p>The very nature of meopham being the longest village in the country means that the A227 is the only available through route for residents and through traffic, and it cannot sustain any significant increase in vehicle numbers as it is already grid locked at every rush hour.</p> <p>The surrounding junction to the proposed development is already congested and dangerous to navigate.</p> <p>There is not the infrastructure to accommodate such a large development.</p> <p>Brown field sites should be used before encroaching on green belt and there are enough existing sites already with services within Gravesham.</p>

Kind regards
