Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: This proposal is for building on agricultural land which has been fully utilised for the growing of successful crops at a time when it is increasingly necessary for us to grow our own and cut down on imports. The addition of 350 houses on the site opposite the parade of shops would create a terrible bottle neck for traffic trying to join the main road particularly at school opening and closing times as there are already considerable traffic holdups in that locality with three local schools in the vicinity.
The A227 is already used as a cut through if there are problems with the A2 and sometimes A20, and with the planned new Thames crossing there is likely to be even more traffic using this route. I therefore trust this application will be declined

Kind regards
