Reasons for comment:	
Comments:	<p>The geography of meopham with the A227 being the only through access route makes any development of this size totally impractical. The roads surrounding it lead to a dangerous and heavily congested junction already, especially at rush hour times.</p> <p>There is not the infrastructure within meopham to sustain such a development. Brown field sites should be developed before green belt or farming. Services are already in place.</p>

Kind regards
