I have the following comments on planning application number 20260207 :

Village cannot cope with that amount of houses, which I doubt will be affordable for majority of people.

Wildlife - loss of their habitats + their food sources.

Doctors are at capacity + couldn't cope at all with such a big influx of people.

Roads are overcrowded as it is, no where for them to go if

A227 is blocked apart from narrow country lanes which causes accidents + frustration.

DV Hospital is much too small as is Medway + Maidstone

Style of proposed houses, flats, apartments are not in keeping with Village History.

Shops are not able to cope with size of village as it is

Parking is terrible at Parade, or at Station end of Village.

Greenfield is for growing food, not for concreting over with

Unnecessary house,

Approx 30yrs ago, A field in ~~the~~ Longfield Rd was turned down as the access, facilities etc were unsuitable, that site is now a woodland, why not go for that for a small estate instead of a huge loss of greenbelt land. If unsuitable then for above reasons in 30 yrs what could have change as No where for extra shops, parking etc.

Knowing how other villages have coped with no water at times lately & all the sewage that has run down A227 due to block drains it is complete madness to put another 750 plus houses in the village. We had Water Browsers having to fill up the tanks at Meopham Green (Nr Vets + Dentist) due to tanks not coping. I definitely Object to proposed development
