I have the following comments on planning application number 20260207 :

The development would seriously affect Meopham's status as a village, which is a principal reason for many residents living here. The housing would reduce separation from neighbouring Sore Street. The strain of this additional housing on local services eg NHS/GP and on infrastructure would be enormous, particularly when these are already overstretched. The loss of green belt would also be significant from an environmental point of view by losing farmland and wildlife habitats as well as a base for absorption of rainwater, in this current unpredictable climate.
