I have the following comments on planning application number 20260207:

The proposed site is and always has been greenbelt land, being used for growing arable crops. As such it's green belt status should be protected and kept safe. We live here because we consider ourselves to be living in the country. NOT in a town. We live next to open fields + woodlands full of thriving wildlife - animals and birds. We do not want to live next to over 700 dwellings being built in completely the wrong inappropriate place. This land is not included in the proposed local plan due for release soon, so that means Gravesend Borough Council have not designated this site to be suitable for development.

SOLE STREET is a separate village surrounded by greenbelt. Building such a large development would in effect destroy its uniqueness by joining it to both Green and Meopham.

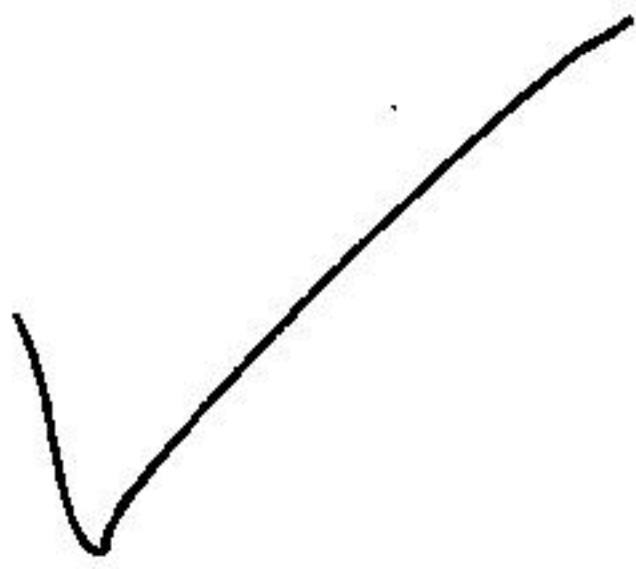

The surrounding roads are already in a shocking state
