I have the following comments on planning application number 20260207 :

If this proposal goes ahead it will remove critical Grade 2 Agricultural Land. Farming is necessary. There is a lack of infrastructure, we know that the Drs + Schools are up to capacity. There is no growth. Sole Street and Hook Green will merge as a result of Urban Sprawl and they will lose their Identity. Traffic is already horrendous on the A227 and surrounding country lanes. The bridges at Sole Street and Meopham Station are old and not capable of the extra vehicular traffic.

I have the following comments on planning application number 20260207 continued:

Protect [redacted] at
and [redacted] area is critical. 725
homes will cause destruction and
displacement to the protected
wildlife. We are already suffering
from depleted levels in comparison
to Europe.

I have lived in Neopham since
1942 and have observed the
flooding which is extreme. I
am aware that although attempts
via new drainage was commissioned
it did not help and Narwood
lane has suffered greatly.
