Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The access is to be via The Drove Way that can already be a race track and at least a hundred more cars using it as access is unreasonable. The local buses offer only a very limited service so cars are a necessity. An Increase of 100 more households needing to join the local GP practice and likely oversubscription to the local schools just puts an increasing strain on the local area infrastructure. When coupled with the increased proposed housing in Meopham contributing to the increased traffic on the Wrotham Road. No path available to walk or cycle to Meopham that would assist workers using the train for work in London.

Kind regards
