Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: Reasons to object are that the existing private driveway is narrow and not designed to be able to cope with the increasing volume of traffic. Congestion and building work traffic causes a huge amount of congestion on the junction of Old Road East and has already caused significant damage to the historic pillars.

As a pedestrian user of the pathway, regularly accessing our rear drive from the front of our property with our children, I have concerns about the safety of the road with increasing traffic.

Additionally, the loss of green space and garden in an ever declining environment is saddenning for the wildlife and historic trees which have long since stood there.

Kind regards
