Comments:

[REDACTED]
[REDACTED] The amount of noise pollution from the grounds is also very upsetting. I can often hear shouting and screaming coming from the grounds earlier and far later than the above times stated, this is really very disruptive.
The football ground was not operational, nor built, when I bought the house. The people entering and exiting out the sport facility are incredibly dangerous, I personally have had several near misses walking and driving past with people coming flying in and out of the car park without looking or simply not caring enough to look. I can't help but worry that increasing parking and facilities will create a greater risk of an accident occurring.

Kind regards
