Reasons for comment:

Comments: I am objecting as this land is prohibited from being used for residential purposes. This application is being made retrospectively, in breach of an existing Order as the land already has caravans on it. Nurstead Church Lane and White Post Lane are narrow country lanes used by walkers, horse riders and cyclists and are not suitable for caravans , motor homes or large vehicles and this is evident by the mass destruction of the trees in the lane following the illegal placing of a mobile home on the land before Christmas. My visiting friends asked if we had had a tornado through the lane so bad is the destruction. The lane now has no passing places as these have been filled in with debris and when it rains the lane now floods. This also proves that they have no thought for nature or the benefits to other lane users who are seeking a pleasant countryside walk maybe to help with their mental health or health in general.

There is also no access to main drainage, sewers, rubbish collections or electricity and there is a health risk to the whole area if personal waste is not managed in line with regulations.

There is a significant risk that if this planning permission is agreed the owner will not abide by the planning agreed and install significant number of caravans as has happened in the past.

Kind regards
