Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The proposal would result in the removal of several TPO trees which contribute to the visual amenity of the area. The removal of these trees would detrimentally impact upon the whole feel of the area. The proposed dwellings are not of a design which is in keeping with the scale, character, or appearance of the area with the addition of static caravans completely altering the feel and rural way of the village.

Kind regards
