ENVIROGRAF HW01/F WHITE INTUMESCENT COATING FOR WOOD 1L

Availability: In Stock

£33.25 – £641.73

HW01/f is a single pack water-based intumescent paint that is designed to be used to upgrade timber cladding and timber substrates to up to 30 or 60 minutes protection. It is a product that **MUST** have a protective Top Sealer Coat applied. We recommend using the HW Ultra White topcoat on internal timber and HW Excel White topcoat externally.

Once coated, HW01F will last the life of the Top Coat. If the Top Coat is re-applied at the end of the cycle, HW01F will continue to offer fire protection for life. For **INTERNAL & EXTERNAL** use.

Application Rate 8m² per litre per coat: 1 litre will cover 4m².
