I have the following comments on planning application number 20260207 :

It is a ridiculous idea to build 700+ houses, including three storey ones, on the doorstep of this beautiful village of Meopham. The proposed site is on Greenbelt land, which should be kept as such to prevent urban sprawl and to safeguard our countryside and the wildlife within it.

The site is also prime agricultural land. I believe that in this country we should be trying to produce as much of our own food as possible, and prime agricultural land should be used for this purpose and not built on.

We already have a situation in this part of Kent where there is too much traffic on the roads. The local lanes would be inadequate to cope with all the additional traffic, and the A227 is already overloaded at peak times. Air and light pollution would also be a problem.

I have the following comments on planning application number 20260207 continued:

Apart from Meonham being grossly affected,
Cobham and Sole Street would be too. As it stands,
traffic takes 'short cuts' from the Cobham slip
road on the A2 through to the A227.

With the Lower Shore river crossing going ahead,
this development would be the nail in the coffin
for this rural area.
