

20250007 The Whitehouse Watling Street

KCC Heritage 3 February 2025

Thank you for consulting us on this application.

The site lies within an area of multi-period archaeological potential adjacent to the projected line of Roman Watling Street. However, based on existing Historic Environment Record data for the area and the relatively limited extent of the proposed works adjacent to the existing building, I consider it unlikely that these proposals would have a significant below-ground archaeological impact and have no further comments to make in this case.
