Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>Increase in traffic on an already overstretched A road which is easily congested, increase in traffic, noise and air pollution.</p> <p>More cars and delivery lorries on the road.</p> <p>Already lack of public transport.</p> <p>Difficulty in booking a medical appointment at the local surgery, primary and secondary schools already oversubscribed.</p> <p>Green spaces/belt must stay green for human and animal wellbeing and to protect our green spaces even if they are privately owned.</p> <p>Lack of primary services in the area such as shops (supermarkets/banks/post office/dentists etc) if the Culverstone shop closes.</p> <p>Parents dropping off the children at the local primary school and already congesting the area in the morning and at pick up time, what would it be with an additional 100 houses and potential 100 additional children?</p> <p>People have moved to the area for a semi-rural location which is now being eroded/changed with over development.</p> <p>If a new sink hole was to happen in Meopham, like it has happened before, would the surrounding country lanes be able to cope with the traffic? Or temporary traffic lights? Or road closures?</p> <p>Daily congestion going towards Wrotham's roundabout which backs up past the Vigo turn off.</p>
