Re: Objection to Planning Application for 8 Mobile Homes on Land South of White Post Lane, Cobham

I am writing to formally object to the proposed planning application for the development of eight mobile homes on land situated south of White Post Lane in Cobham.

I have serious concerns about the impact this development would have on the character, environment, and infrastructure of our village. Cobham is a small and close-knit community, and the scale and nature of the proposed development are not in keeping with the surrounding area. Approving this application would set a worrying precedent for similar future developments, potentially altering the village's rural identity and placing further strain on its limited resources.

The development would significantly increase traffic on White Post Lane and surrounding roads, many of which are already narrow and unsuitable for higher volumes of vehicles. This raises safety concerns for pedestrians, cyclists, and existing residents who rely on these routes daily.

In addition, it is deeply concerning that substantial tree removal has already taken place on the site. The loss of mature trees not only damages local biodiversity but also alters the landscape character that the community values.

Overall, I feel this proposal is unfair to current residents and incompatible with the established nature of Cobham. I strongly urge the Planning Department to refuse this application in order to protect both the village and its environment from inappropriate and unsympathetic development.

Thank you for considering my objection. I trust that community concerns will be given full and fair consideration.

Kind regards
