Reasons for comment:	
Comments:	We are [REDACTED] of 23 Telegraph Hill and have reviewed the proposed plans. We fully support the application and feel the design is in keeping with the spacious character of Telegraph Hill. The property sits on a large plot and we do not believe the proposed extensions or garage would appear out of character within the surrounding area. We support the proposed improvements and do not feel that the development would cause any significant impact on neighbouring properties or the street scene. We believe this will be a significant improvement to the current property.

Kind regards
