| Comments: | As a [REDACTED] neighbour, I completely object to this application for the same reasons that I objected the first application. Yet again, there will be more disruption and chaos on our doorsteps and driveways with more road works and inconsiderate movement of large vehicles with no notice to the police. There is already more light pollution which inevitably will be effecting the local wildlife, the grounds have already been destroyed so there is no green belt land there, just rubble and it is an unsightly view to see caravans when driving down from The See Ho Pub to Pear Tree Lane. It entirely lowers the tone of a beautiful village that will only be damaged further. I dread to think what will happen if this is actually approved, it will be carnage in what was once a peaceful place. It is interesting to read that the "owner" is no longer able to stay on his previous land due to issues with planning permission and this is something that should be considered and investigated for the sake of the land and the community. |
