Reasons for comment:

Comments:	This is a huge concern and a serious issue for everyone member of our community. - there has already been huge damage to our wonderful area and the land around the proposed site is not sustainable for this type of dwelling. Trees have been destroyed without any concern. It is a travesty that this is allowed - huge gates, tarmac and fly tipping have ruined the road and surroundings . - it will ruin the beautiful idyllic landscape and rightly there are so many restrictions on other existing houses on developments. This would set an unwelcome precedent. - there have been several incidents of intimidation for local residents, and this is a grave concern for the most vulnerable in our community - rules and processes should be followed in the same way for all in our society, without special privileges to circumvent these - local wildlife need to be protected - if this is allowed then the floodgates will open and the entirety of our beautiful landscape will be ruined by illegal dwellings with no accountability or due care to our environment, law and community.
