## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object to the proposed development for the following reasons - the A227 is always a busy road with motorists tending to exceed the speed limit. A police mobile speed camera operates near to the entrance of the proposed site. Serious traffic accidents have occurred along that stretch of road in the past. In addition congestion can occur with heavy HGVs waiting and turning along that part of the A227.(Hogarth Tyre shredders). - Public transport is totally inadequate around Culverstone Green with buses only operating a very sparse service (ending late afternoon) with no real connectivity to train services which have also been reduced. the local taxi service is a one man band so it's difficult to get a taxi especially as uber are unwilling to pick up in Culverstone Green. - there are no street lights along that stretch of road although there are houses, a school, shop and petrol station. - internet services regularly drop off especially at weekends, school holidays and between 8pm and 9 pm daily.
-----------	---

Fix all the above and I wouldn't have a problem with the development.

Kind regards
