Reasons for comment:

Comments:	2 main objections and 1 secondary: 1a- increased heavy vehicle traffic on narrow rural lanes which are mainly only used by local residents, occasional farm vehicles, and by leisure users - walkers, runners, cyclists, horseriders. This is bound to result in an increase in road accidents. Such roads are unsuitable for lorries, especially in larger numbers. 1b - disruption to natural environment - habitats for flora & fauna disturbed and possibly destroyed by these buildings and access roads. 2 'Eyesore' to local residents of the wine tanks, grape presses and associated buildings. Moreover, there must be more suitable sites within reach of the vineyards, nearer to main transport links, which do not involve the level of disruption caused by these current plans.
