Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	More traffic which will increase traffic hold ups extra potential of damage to roads and underground services. increased parking problems More damage to pavements and verges. Increased damage to wildlife surface drainage will be reduced and more flooding to the roads which are already flooded when it rains so they will flood quicker. That's without the over stretched services in the area (schools doctors hospitalsand associated area services)

Kind regards
