Reasons for comment:	
Comments:	I would like to object In The greatest possible way 1 ..., At anytime has the footings for this project been inspected ? When my garage ,yes garage ! Was built , the footings had to be 1500 deep and filled with pure concrete. 2 ... , I live directly in eye view and it's a total eye sore. 3 ..., they already have a dwelling in the garden do they really need this 4..., no consideration for neighbours. Blocking all their light out 5 ..., I always thought you was only allowed a certain amount brick work in your boundary's not the whole garden brick 6 ..., not thinking off the wild life. No where for them to go

Kind regards
