Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I wish to object to this planning application 20260207 because - There's a lack of infrastructure, doctors are at full capacity and the hospital cannot cope. Unreliable bus service. Just because there's a train station doesn't mean people will or can use it. Unsafe to cycle around due to fast and excessive traffic. - The area is prone to flooding, especially the A227 opposite Norwood Lane. - With all the extra houses, comes more cars and vans adding to all the excessive traffic that passes along the A227 and other local roads. Put this together with the traffic from Lower Thames Crossing including vast amounts of HGVs and other proposed developments it's a disaster. Also it's a safety hazard for pedestrians, especially the elderly and children. - Would cause lots of light and traffic pollution. - Building on Greenbelt and agricultural land will mean loss of wildlife and habitats and food security. If these building targets continue there'll be nothing left for future generations (humans and wildlife).

Kind regards
