Reasons for comment:	
Comments:	This development would lead to urban sprawl as it would take away the open land between Meopham and SoleStreet. It would alter the character of the village which most residents have moved here to enjoy. Already GPs and the NHS are overstretched and this would surely add to the problem. The A227 is already congested at many times during the day and this building would potentially add 1450 car to the local roadThe wildlife in Great Britain is the most severely depleted in Europe and this would inevitably add to the problem and finally surely brownfield first site policy should be implemented,

Kind regards
