Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object to the planning application submitted to the erection of a single story front extension on the following grounds; 1. Change to Street Scene - all the houses in The Larches were built at the same time in 1964 with a definitive/distinct front building line. The construction of the proposed extension will change the character & street scene dramatically. 2. Loss of Privacy - the extension would bring the new north window in the extension directly into line with my neighbouring property's dining room window and will severely compromise privacy. 3. Out of Character - the extension is out of character with all other houses in the immediate vicinity. Whilst most houses have had extensions, these have been limited to side and rear extensions having limited impact on the surrounding houses. Approval of this front extension will have a visible negative impact. 4. Design - the design will cause harm to the visual appearance of The Larches and is totally out of keeping with the character of the street.
