

25. 1. 26

Dear Gravesham Council,

I used to live at Isted Rize. I was there for 30 years, I am horrified to learn you want to build 150 houses on the land behind Downs Rd.

The Rize is already overcrowded with people. I used to think the best part of Isted Rize was the fields and countryside that surrounded it and you want to obviously cover that in concrete.

Already there are too many cars on the roads. School is full up and you can't easily get a doctors appointment and you want to make these things even more difficult.

I hope you will reconsider this

ill thought out idea

Yours sincerely
