I wish to **object** to planning application number **20251233** for the reasons stated below:

I am totally against the further encroachment of our greenbelt. During the past year we have seen at least four proposals/ approved applications for developments in Istead Rise and Meopham, our villages are becoming towns. Further proposals to build a new housing estate on the greenbelt land on the Downs road site will increase the already over congestion use of our country roads and parking places, plus increasing already struggling with demand on GP surgery, hospital and schools.

Kent was the Garden of England where children from London come for day trips to see green fields and farm animals grazing. Soon children from this area will have to do the same to experience this thing. The housing developments on greenbelt land in Kent is making us a suburb of London.

Signed:
