Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I am objecting on behalf of my elderly mother who lives at [REDACTED] to the development.
When she bought [REDACTED] two bungalows with 123 as a small holding, the property overlooked the river. The development has a road to the new properties : [REDACTED] living room and conservatory, I believe the new suggested road alongside her is too narrow and the movement of lorries and numerous large vehicles could damage her property and cause noise, vibrations and air pollution, this would immediately affect her quality of life. Whereas she had neighbouring properties, her property would be fenced to a road, the back of her house parking provision and bins, her view is no longer a river but two imposing houses with views directly into her property taking away any privacy. The lack of privacy seems unacceptable.
The building of two properties and the road does not seem in keeping with properties in the area and will affect all adjacent properties.
Please consider my objections.
