Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I am not against the proposed plan however I do have some concerns.

Due to the limited road parking outside our property's it would constrict that even more and there will not be enough parking as people in the flats also tend to use the available parking outside the house.

We do have garages however when the neighbours have parked in front of there's we are unable to get to ours at the end of the row due to lack of space from a walled off grassy knoll. Unless that was moved parking will then be extremely limited and as we are in a rented property we are unable to put in a drive ourselves.

Kind regards
