Details of the pre-application advice received

Preplanning Application Reference: PRE20210244

The applicant made a preapplication enquiry at the end of 2021, providing drawings illustrating their intended changes. These changes were met with a positive response from the planner, however they were advised to make some minor changes, these were undertaken and form part of the current planning application scheme submitted for approval. The suggested changes were to create more balance and reduce the bay size of the large lounge and bedroom windows to the right hand side of the main elevation. These were changed for the new application in response to the consultation with the planner Richard Hart. The applicant was also advised to make a Householder Application for the changes proposed to the main house as a variation to the approved planning application. The applicant made it clear the intent is only to make changes to the main house, all the approved landscaping and new garaging are to remain as approved and have already commenced.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
