Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	Comments: I am writing to object to the above planning application Gravesend council have already made arrangements and land available for travellers .This added application which includes amenity day rooms appears to fly in the face of the majority of residents in Sole Street The narrow lanes leading up to the site are not conducive to safety it will create noise and disturbance to many households and jeopardise highway safety generate traffic congestion and cause noise and disturbance to a whole village Access to the site in on a narrow road not suitable for caravans and inadequate area for parking turning and loading It should be noted previous planning permission was rejected and the same rules should apply to this application This is a potential for further applications being made which will open up to a full scale site being erected on land that cannot support daily living facilities This proposed application affects everyone in Sole street but only a selected few were informed .The matter should have been distrubuted to all residents as it will greatly impact on all lives in the village
