Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	The site is a rural site and there is a current disregard for caring for the landscape as the site already has caravans, vehicles and a mobile home on site. Motorbikes and quads have churned up the area and debris and rubbish is visible, damaging wildlife and flowers. The mobile home was bought onto site, blocking the road as well as cutting down trees and hedges on a rural lane, demonstrating a lack of respect for the rural landscape, nature and wildlife. The application should be a retrospective application as the huge mobile home is already in situ. I understood this land was greenbelt and therefore no buildings should be on site at all. There is no appropriate waste disposal and the land could become contaminated as the rubbish and waste builds up. There are still piles of waste from the previous inhabitants. Access and additional vehicles on a narrow and rural lane is already a safety issue. All the reasons for the previous refusal still exist.
