Reasons for comment:

Comments: The lane was demolished and trees hacked down and hedgerows destroyed. New driveways have been installed . Road closed without permission, There is a huge home plus 2mobile homes and a large wooden building already installed. This in all within 6 weeks ... so im sure this would not stop there. The light pollution is immense and the site is lit up like Blackpool illuminations. This damages to whole rural setting , wildlife and is destroying a lovely old lane. This is almost giving the green light for others to turn up and set up home without anyone stopping them and avoiding the normal planning rules which everyone has to abide by.. I'm sure if any local person tried to get planning on a parcel of beautiful land and make a driveway onto a lane it would be refused. In this area we have to jump through hoops to extend , build, put up fences and cut down trees.. This is the second illegal settlement and the council needs to use their powers to refuse this and remove the dwellings. I'm sure there must be some brownfield sites that planning could be aquired. I also drive down this lane daily and have noticed some aggressive driving.

Kind regards
