Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The caravans were placed there before this application was submitted, this was reported to the council and the police at the time. The moving in of these caravans caused significant destruction of the trees and land surrounding the area as they were too wide a load for the lane. This has caused delays and inconvenience to us the local people with the lane being blocked etc. This is not what I would call peaceful or neighbourly. This application is being made retrospectively and as far as I am aware in breach of current orders on this site. On this basis, not only should this Application be refused, it should not have been allowed to be submitted in the first place.

Kind regards
