Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The blatant destruction committed to what was a beautiful tree lined road to move the static home illegally on to the site shows the complete lack of regard for this site already as well as the local community and that there will be no care for the surrounding environment and therefore more homes moved on to the site illegally. Dumped caravans and increased litter in the area are already a threat to the environment, one that locals regularly litter pick and take care of. We must fight to protect green belt land to keep the rural beauty of the village.

Kind regards
