Reasons for comment:

Comments:	This land is beautiful, ancient woodland, forming part of our Green Belt. It is of great environmental value for wildlife. If this development is allowed, it will deplete its environmental value. From past experience, this may encourage other caravans to use the land, creating destruction of the land and a refuse issue. An example of this is the land that was illegally settled off, the Harvel Road, in Vigo. A lot of damage was done to this plot of woodland. If this application is passed it will also set a precedent, for further change of land use.
