Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I strongly object to the application. When my wife and I bought [REDACTED] one the garages on the land between 26 and 30 St. James's Road was included with the house. The changes mentioned in the application have already happened, without the applicant consulting with the owners of the other garages. A padlocked gate has meant that I and the other owners have not been able to use their garages. In addition to this, two huge containers have been put in the area restricting the access to some of the lower garages which includes the one we own. This changes the use of the area, from just parking for residents of St. James's Road, to business use. This results in business vans loading and unloading.
