Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The amount of traffic is becoming dangerous in Higham. HGVs are already cutting through and making the roads dangerous for residents and the speed is shocking. on top of this the roads are not made for heavy traffic and yet it is currently being ignored / turning a blind eye and you are encouraging it to heighten. It is a village, not a major town road and it looks like you are not interested in residents including children and elderly safety. Parking is already a major issue, in Higham and locals cars are just going to be dispersed and making it even worse for residents. You are and will heighten the health and safety to us all. How will we visit our family if we can't get to park there, where will the elderly be able to gain access ?

Kind regards
