Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this application because I think the residents of Higham deserve more consideration. This application would result in a loss of residential parking and make family visits very awkward. I understand that some residents need deliveries of oil to heat their homes , these deliveries would not be able to be made. Canal Road is already deemed unsuitable for HGV traffic and this extra HGV traffic would inevitably end up coming up through the village even though this should not happen it is never policed so they get away with it. This village and its residents are under so much threat with all the ridiculous plans the Gravesham borough council keep coming up with!

Kind regards
