Reasons for comment:

Comments:	I am writing to object to planning application 20260141 for the land north of Cherry Trees on Ridge Lane. I'm very concerned about the impact this development will have on the area. Ridge Lane is a quiet, rural road and this proposal for four pitches, caravans and amenity buildings would significantly change the character of the countryside. It would make what is currently open land feel built up and urbanised, which I don't believe is appropriate for this location. I'm also worried about traffic and road safety. Ridge Lane is narrow in places and visibility can be poor. Adding extra vehicle movements, including larger vehicles and caravans, could create safety issues for residents, pedestrians and other road users. The changes to land levels and the addition of hard landscaping also raise concerns about drainage and potential surface water run-off affecting neighbouring properties and land. I also feel it's concerning that this is a retrospective application, as the development appears to have taken place before permission was granted. For these reasons, I respectfully ask that the application is refused.
