Reasons for comment:

Comments:	Medical Practices at this time being are at full Capacity with limited availability for making Appointments bookings with another 750 making it even harder to Get an Appointment Congestion is at full capacity at this time another 1400. Vehicles will make the task even hard and more congested with Narrow Lanes and not enough room for 2 Cars to pass Train Station is of Poor Quality with no Disable Access or Lift availability with inadequate parking available / Car Park too small with no Room for any Extension Camer Park Road to Hook Green already has inadequate Road Capacity with limited Room for HGVs or Wide Vehicles which will make it more Congested and Unpassable The Roads already at Full Capacity with Limited space available for another school which will make the Roads even more Congested The merging of 2 Villages which goes against National Government Policy
