Reasons for comment:	
Comments:	My first concern is the lack of a new doctors surgery for this proposed new housing estate. The Meopham surgery already has way more patients than it can cope with at present. Getting an appointment always involves a long wait and to think it could take on some 3,000 new patients is unthinkable. Other concerns are to do with the environment. Extra traffic adding to pollution, loss of natural habitats for wildlife, loss of open countryside and fields which play an important part in helping to reduce flooding, as well as dealing with carbon. These so called 'Homes for the Village' are in fact destroying the village and making it an urban landscape.

Kind regards
