Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I would like to formally object to the proposed McDonald's development near my home. This proposal raises serious concerns regarding increased traffic, congestion, and parking pressure in what is a residential area. The road infrastructure does not appear suitable for the level of activity typically associated with such a development. I am also concerned about noise and disturbance, particularly during evening and late-night hours. If a drive-thru is included as part of the proposal, this would further increase noise, vehicle idling, and general disruption to nearby residents. There are also concerns about litter and waste affecting the cleanliness of the neighbourhood, as well as potential impacts on safety and quality of life for residents. Given these concerns, I strongly object to this application and request that the council carefully consider the negative impact on the local community.

Kind regards
