Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The local GP surgery's cannot take any more patients. The increase in traffic on the A227 is already busy and we will also have the increase in traffic due to the new river crossing. Flooding on the local road is already busy bad when it rains building over arable farmland will increase the issue especially at the Norwood and Wrotham Road junction. If Norwood Lane is closed to Wrotham Road how will emergency vehicles get through. Water and Sewage capacity is not sufficient for the development. The cumulative effect of all the houses that developers want to build will the village devastate The village. This is arable farmland we need it to farm our food, its Greenbelt not Greybelt

Kind regards
