I wish to **object** to planning application number **20260649** for the reasons stated below:

IT IS an absurd proposal to extend the amount of dwellings in this small area. We have not got the facilities to cope with any more dwellings the doctors surgery is constantly over prescribed with patients. The vast amount of residents in Istead are elderly, like myself. We need to have access to DR's appointments far more frequently than the younger generation getting an appointment now is difficult at times which adds to our stress. The schools are already over prescribed I am led to believe. please stop taking farm land and agricultural land away. we will be reliant on the rest of Europe for our food before long.
