Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I wish to register my objection to planning application 202401155. At the present time the property has already been extended to include a conservatory, study and utility room The new development would extensively enlarge the property from its original footprint which would not be in keeping with the surrounding area in size and visuality The planning application for an L shaped orangery and a store room and W.C on the plan does not correspond to the design development plan picture which shows two buildings. The property at the moment gives adequate room to use existing spaces to accommodate the needs of the applicant

Kind regards
