Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>i have very strong objections to this proposed development on the following grounds</p> <p>devastating and irreversible impact to wildlife, withdrawal of natural habitat, if this is approved this will set precedence for more development in a GREEN belt area.</p> <p>additional negative impact on the already struggling infrastructure, the A227 struggles with the existing traffic and there are often long delays between culverstone and meopham, increased pollution, strain on GP, schools and the very limited public transport.I recently years the area has been prone to significant flooding which will be negatively impacted by removal of more GREEN belt land.</p> <p>The repeated erosion of the nature and character of our village by unscrupulous planners and builders with no consideration for existing residents</p>

Kind regards
