Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	This application is not in keeping with the area where only one dwelling is suitable and has been granted for each plot. The land is green belt and several properties in the area have experienced refusals for more than one dwelling/extensions or dwellings not on the building line. The application for up to 9 dwellings would see an increase in vehicular use of the lane which could not cope at peak times due to its narrow structure. The erection of any further dwellings would cause chaos whilst being erected alongside the current use of the site for offices for First4Drains. Surely residents would not want to live behind a commercial business unless they were connected to that business!
